| Student Information | <p>It is important that we keep our students safe. This is why demographic information collected from students, such as their age, gender, NESA numbers, etc are only shared with University partners on an aggregated basis. Student entrants, upon request, may access and correct their personal information held by LearnLemons including submissions.</p> |
| Student Behaviour | <p>It is important that we keep our students safe. The expected behaviour of participating students is to watch the workshops in their own time and to submit tasks through the LearnLemons website. The content of the tasks submitted should not contain any inappropriate references or images (example, vulgar language). All activities undertaken by students in association with each program's submissions are of their own accord. These actions are not approved or associated with LearnLemons and LearnLemons takes no responsibility for student behaviour.</p> <p>Students enter the challenge at their sole risk. With the exception of liability which cannot be excluded by law, LearnLemons is not liable for, and a student entrant releases LearnLemons from, liabilities relating to any direct or indirect loss or damage that is suffered, or for personal injury or sickness suffered or sustained, as a result of entering the challenge, failing to win, winning or accepting or using a prize.</p> |
| Student Submissions | <p>LearnLemons will be flexible in accommodating student submissions that are outside of the relevant deadline but reserve the right not to mark late submissions. Late submissions that are unable to be marked may receive a mark of 0.</p> <p>Any submission to LearnLemons made by a student may be shared to a</p> |
